ABOUT

MODON DEVELOPMENTS

Modon Developments is a leading real estate developer in Egypt, renowned for pioneering a new concept in the industry—"Integrating an Exceptional Life Experience." Established in 2020 by a coalition of experienced experts with over 30 years in the field, Modon is dedicated to crafting living spaces that blend luxury, tranquility, and functionality. Our portfolio spans premium residential, commercial, and administrative projects, each designed to offer an unparalleled living experience.

As a self-funded company, Modon has maintained its independence and financial strength, successfully executing projects without taking any loans from banks. We were also the first developer to introduce hotel-serviced apartments in the New Administrative Capital, committed to innovation and excellence, continuously setting new standards in the real estate market. With 12 diverse projects across New Cairo, the New Administrative Capital, and 6th of October City, Modon Developments is shaping the future of living in Egypt.

TOTTI

SOCCER SCHOOL

A Premier Destination for Football Stars

Modon Developments is proud to announce the arrival of the Totti Soccer School, led by the legendary Italian footballer **Francesco Totti**, also known as the "King of Rome." With established branches in Italy, and Europe, the academy is now expanding to Egypt, marking its first branch in both Egypt and the Middle East, located in West Cairo.

Egypt was selected as the Middle Eastern hub due to its rich football legacy and history of producing top talent. The Totti Soccer School will set a new standard in football training, offering world-class facilities and innovative programs aimed at developing the next generation of football stars. The academy will also feature appearances by prominent football figures, adding further prestige and excitement.

Modon Developments is pioneering a new chapter in football excellence across the region with this groundbreaking venture.

The story BEHIND THE NAME

The name **“Villagio”** is a fusion of two words

Village: This word evokes a sense of community, closeness, and a slower pace of life, where people know their neighbors, and every corner has a story. It symbolizes the heart of Italian living, where tradition and modernity blend seamlessly.

Bellagio: Derived from the Italian word "bello," meaning beautiful, it also brings to mind the picturesque town of Bellagio on Lake Como. Known for its stunning beauty and elegance, Bellagio represents the epitome of Italian charm and luxury.

Landscape

The landscape is meticulously crafted to evoke the Mediterranean allure. Lemon trees line the walkways, their scent mingling with the fresh breeze, while lush gardens and water features provide serene retreats reminiscent of the Italian countryside.

MODON WEST

Villagio's landscape blends Italian elegance with natural beauty, featuring vibrant lemon trees that fill the air with a refreshing citrus scent, symbolizing prosperity and vitality. Majestic cypress trees add timeless grace, reminiscent of Italian villas. White lilies, Italy's national flower, bring purity and beauty, while fragrant jasmine enhances the gardens with its sweet charm. Bright sunflowers symbolize happiness and loyalty, creating a cheerful and inviting atmosphere.

VILLAGIO'S SIGNATURE

Swimmable Lagoons

At Villagio, the swimmable lagoons are set to be a defining feature, inspired by the stunning coastlines of Italy. These crystal-clear lagoons will flow throughout the community, creating a picturesque and tranquil environment for residents. Surrounded by lush greenery and Italian-themed lounges, the lagoons offer an ideal setting for leisurely strolls, peaceful relaxation, and refreshing swims.

The design emphasizes eco-friendly practices, ensuring that the lagoons not only enhance the luxurious atmosphere of Villagio but also align with sustainability principles.

To bring this vision to life, we are currently in negotiations with one of the industry's leading lagoon companies, ensuring the highest standard of beauty and quality in this central feature of our project.
